

# A Practice for Everyday Life

## **PRODUCTION MANAGER**

London, Full Time, Salary dependent on experience

A Practice for Everyday Life is recognised as one of the leading design agencies specialising in design for the arts and exhibitions, and is now expanding into new sectors.

The Production Manager will join our ambitious and creative agency, and will be part of a growing team sharing responsibility for the delivery and profitability of major projects, and reporting directly to the company directors.

We want a committed and organised person who is happy to get on and bring APFEL's projects to life. Proven expertise in production for complex, creatively led, multidisciplinary projects is essential as is an enthusiastic and highly professional manner combined with an absolute commitment to delivering within deadlines and budgets. We want you to have an outstanding knowledge of all design processes, everything from publications, print materials and packaging to digital programmers.

As a small, fast growing agency, APFEL offers exceptional opportunities for someone to step up to take on roles and responsibilities, which should, in due course, lead to promotion and salary increases.
